G.O. Ms. No. 5109 Development, dated 16th october 1948.

ORDER:

M/s Binny & Co. have represented that there have been instances where the Collectors have rejected their dealers and nominated others whom the Mills find it difficult to accept for a number of reasons, for example, their unsatisfactory financial position, or that they are ignorant of the trade and unwilling position, or that they are ignorant of the trade as to follow the Mill's system of distribution. They have requested therefore that when Collectors are unable to licence any of their old dealers on account of bad record or other reasons the selection be made from the lists of alternate names submitted by them. The Government have carefully considered the matter and have decided that there is no reason to change their decision that the sole responsibility of selecting new dealers of the B & C mills will rest with the Collectors. The Government, however, consider that in the interests of smooth working of the distribution system of the Mills, which the Government have permitted to continue, genuine grievances like those mentioned in their letter should be redressed. The Government therefore direct that in modification of the orders in the G.O. cited the Collectors, in making selections in future, should send the names of the dealers proposed to the Binny & Co. for remakrks. If the Binny and Co., have sound reasons for differing from the Collector's proposals, the collectors may in their discretion accept or reject such advice. This procedure will not apply to Binny dealers already selected and licensed by the Collectors.
